

Access instructions for Adobe Creative Cloud (CC) from computers/devices that already have the Adobe desktop app installed

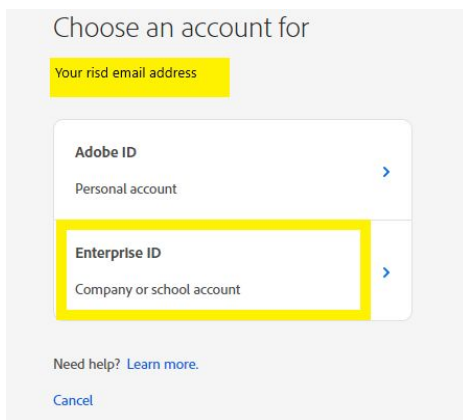

1. If you are signed in under your Adobe ID, **Sign Out** of Adobe CC (from your computer and other devices) by clicking on the silhouette icon and then select Sign Out. If not, skip this step and proceed to step 2.

2. From the Adobe CC Desktop Application or adobe.com, **Sign in** with your RISD email address USERNAME@RISD.EDU. You will be presented with an option to Sign In with Adobe ID or Sign In with Enterprise ID.

Select Enterprise ID.

Note: You will continue to see two options upon sign in (Adobe ID & Enterprise ID). Be sure to **select Enterprise ID from this point forward** unless you need to access previously stored/saved Adobe documents/assets from the Adobe ID account.

3. You will be redirected to a RISD Sign In page where you will **Sign In** (authenticate) with your RISD account USERNAME@RISD.EDU and associated RISD account password.

Need to migrate files (assets) previously saved in your Adobe ID account to Enterprise ID

1. Follow Adobe's instructions below:

[Migrate them to your new RISD Enterprise ID or other storage device](#)
