

How to Install and Use Global Protect VPN Client on Android:

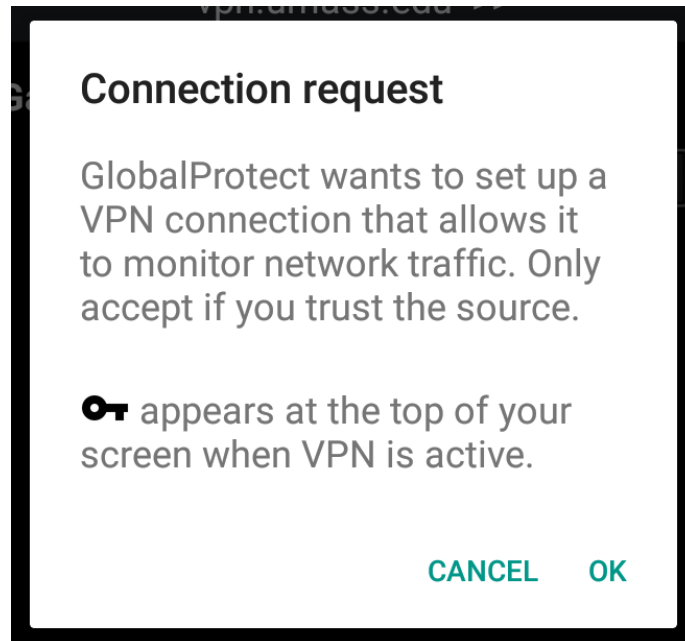

1. Open the **Play Store** and install the **Global Protect app** by Palo Alto Networks. Tap **Open** to launch the app.

2. Once the app is open **type** in *remote.risd.edu* into the **Portal Address field** and tap **connect**. You will be prompted to **sign in** with your *RISD username* and *password*.

3. Tap **OK** on the *Connection request* dialog to let GlobalProtect set up the vpn connection.

4. GlobalProtect will send a notification when you are connected to the VPN service.
